PARENT TESTIMONIAL

We are so grateful for St. John's Academy.

It has been such a rich and wonderful place for our children to get a well-rounded, biblical education. At St. John's Academy, the students are challenged and encouraged daily. The academic curriculum is rigorous and the sports program is excellent. The school community is supportive.

As parents, every single day we see our children growing into the people that we know God has called them to be. We also know that the Lord is using the school to develop the next generation of Christian leaders and thinkers of tomorrow. For that, we are very thankful.

St. John's Academy is a truly special place and we proudly recommend the school to any prospective families and friends."
